

## To Be a Millionaire.. Was It Likely

Spacehog

He shot his mother down  
With a gun that he had found  
He dragged her by the hair  
And he sat her in a chair

He knew that he was wrong  
Now all his friends were gone  
But Terry's only care  
Was to be a millionaire

At school he played the fool  
And on linoleum he ruled  
The other children stared  
But he would kick and pull their hair

He knew that he was wrong  
Now all his friends were gone  
But Terry's only care  
Was to be a millionaire

Remember Terry's song  
And your future won't be long  
You can be happy where you are  
Or as lonely as a star

You can be happy where you are  
Or as lonely as a star  
But Terry's only care  
Was to be a millionaire.

...Was it likely?
