

Kuroime

Lil Baby she just sold my soul  
Took the knife upon my body  
I don't know where to go

Lil Baby she just sold my soul  
Took the knife upon my body  
I don't know where to go  
Put the money in my pocket  
I don't fuck you hoe  
I've been fucking with the demons  
We keep this on the low  
Lil Baby won't know my name  
Tell that she can understand me  
She don't know my pain  
Got the pills in my pocket  
They can ease my brain  
I've been hiding in my room  
I can't show my face

Tell my mother that I love her but I just can't change, yeah  
I don't know if I'mma make it today, nah  
Ain't nobody wanna fuck with me  
But everybody wanna fuck with the name  
Now we all got the demons  
But I don't got no angels  
Why you wanting on my dick?  
Cocaine on the table  
Let you fuck me for the love  
Now you want me to say something  
I saying nothing  
I'm in love with the paper

Lil Baby she just sold my soul  
Took the knife upon my body  
I don't know where to go  
Put the money in my pocket  
I don't fuck you hoe  
I've been fucking with the demons  
We keep this on the low  
Lil Baby won't know my name  
Tell that she can understand me  
She don't know my pain  
Got the pills in my pocket  
They can ease my brain  
I've been hiding in my room  
I can't show my face
