"Now some may say you should always be who you are But take it  
From me  
This product can come in handy in a multitude of situations  
Nothing else can make you so instantly pleasing  
To those people you have to impress for a short period of time"

Don't tell me that you love me baby that's a lie  
Just say it to my face, I can die  
The worlds on fire now but we survive  
Go to sleep and see your face with another guy  
But nothing makes sense to me anymore

The Cigarette butts on the marble floor  
I'm burnin' alive but I feel so cold  
Don't tell me that you love me and walk out the door

I'm comin' back soon to you  
I'm comin' back soon to you
