

## Break

SpaceMan Zack

I hate myself every night I-  
I lie awake at night but I can't cry  
Everyone tells me that I'm alright  
But they don't know anything 'cause I'm not fine

So break me down  
I deserve this hate and I need it  
Lay me down  
And hope I don't wake up from the bleeding

I hate myself every night I- (I hate myself every night I-)  
I lie awake at night but I can't cry (No I can't cry)  
Everyone tells me that I'm alright (I'm not alright)  
But they don't know anything 'cause I'm not fine (No, I'm not fine)

So break me down  
I deserve this hate and I need it  
Lay me down  
And hope I don't wake up from the bleeding  
So break me down  
I deserve this hate and I need it  
Lay me down  
And hope I don't wake up from the bleeding

I-  
I can't do this anymore. You're just dragging everyone down with you  
I-  
I don't wanna be around you anymore. You have to figure yourself out or you're gonna be alone forever. Okay?  
Goodbye Zack
