Breaking Up

SpaceMan Zack

I've had enough, I've done it
I've done it all, there's nothing
There's nothing else I wanna die for anymore
I've had enough, I'm running
I'm running from what's coming
There's nothing I should be afraid of anymore

So get me away from, away from here
Get me far away, far away 'cause

I'm sick of living at the party
When all my friends are going home
Tell everybody that I'm sorry
But I can't do this anymore

I took the first ride out, no, I won't look back
It's like a [?] of a burden and I can't hold that
You drive the car that I bought to somewhere I know
I don't want another party, someone take me home

Can't make the same mistake
Took something I know
This pressure I can't face
Too many people, oh please, I'd rather be alone

I'm sick of living at the party
When all my friends are going home
Tell everybody that I'm sorry
But I can't do this anymore

Break
I'm breaking up
I'm trying and trying to catch my breath
I don't got much time here left
Yeah break
I'm breaking up
I'm tired of the same old thing
Every day's the same routine
