

# BUGGIN

SpaceMan Zack

I've been looking back  
All the shit that I did in the past  
I hit the mic make a track  
Now my name gonna last  
I wanna crib for my momma  
And a whip for my dad  
I want my name in the lights  
And the stadium packed

I switch it up, get to singin  
Sounding pretty as shit  
Everybody wanna touch me  
Get up off my dick  
You ain't know me when a youngin  
Wasn't paid for this shit  
You don't know me bitch you buggin  
Now my name gettin rich

Oooo and I been workin all my life  
Now they hang on the words that I write  
And I been doing this shit for you  
Just spin the record make it all alright

Love me or hate me  
Everything the same when you famous  
Fix me or break me  
But whatever you do make it painless

These hits I been makin  
I did it again like Britney  
I don't feel okay but  
I'm whippin in the brand new Bentley

My world got darker than your dreams  
I see the end of everything  
They say I should be gettin better  
I don't think they understand me

I've been looking back  
All the shit that I did in the past  
I hit the mic make a track  
Now my name gonna last  
I wanna crib for my momma  
And a whip for my dad  
I want my name in the lights  
And the stadium packed

I switch it up, get to singin  
Sounding pretty as shit  
Everybody wanna touch me  
Get up off my dick  
You ain't know me when a youngin  
Wasn't paid for this shit  
You don't know me bitch you buggin  
Now my name gettin rich
