

# BUTT3RFLY

SpaceMan Zack

I got diamonds on my wrist now, I ain't never change  
Acting like a bitch, now you motherfuckers lame  
Peanut butter in the whip, now I'm swerving through the lnes  
I don't really give a shit what a motherfucker say  
Now I'm fucking on a bitch that I couldn't yesterday  
I just hit another milli, I been counting up the plays  
I ain't never had a clique 'cause nobody ever stay  
Got some gold behind my lips but I just wanna feel okay

I just wanna feel okay but then again I'm feeling sad  
They all ask if I'm okay but then don't know how to react  
And I missed your call a couple times, I'm securing the bag  
I'm gonna miss you, call a couple more because the way you act  
You get cut off if you lame, hear some scissors  
I been swerving through the lanes of the szrup  
You the second one to change, bitch I been first  
Lucid CEO status, you just an intern

I got diamonds on my wrist now, I ain't never change  
Acting like a bitch, now you motherfuckers lame  
Peanut butter in the whip, now I'm swerving through the lnes  
I don't really give a shit what a motherfucker say
