

## CHAINS ON.

SpaceMan Zack

Yea I got my chains on hope somebody say sumn  
They ain't never shined baby quite like this  
Imma fuck her with my chains on  
Shawty wanna take sumn  
I ain't off the drugs but I can't feel shit  
I think they love it when I sing sumn  
I ain't got a chance  
Blood leaking out the cuts while I fuck my bitch  
In the club with my shades on, I ain't gotta say nun  
I just run it up while they take their pics

Chain so fuckin' icy I'm dripping water  
Might disappear like I'm Harry Potter  
Flashes from the camera I can't be bothered  
Shawty take my heart out and leave me slaughtered  
Diamonds like alaska smokin' dope  
What's up with your attitude  
I've been busy balling out  
My ex called like what's up with you  
Don't give like no fucks unless I fuck on you  
Take a trip to buy the moon  
Now tell me if you want to

Yea I got my chains on hope somebody say sumn  
They ain't never shined baby quite like this  
Imma fuck her with my chains on  
Shawty wanna take sumn  
I ain't off the drugs but I can't feel shit  
I think they love it when I sing sumn  
I ain't got a chance  
Blood leaking out the cuts while I fuck my bitch  
In the club with my shades on, I ain't gotta say nun  
I just run it up while they take their pics
