

Coffin

SpaceMan Zack

I don't give a fuck if they like anything that I do
I got this pistol in my palm and I'm just waiting for you
I lost my head
I'm out my mind
Now I'm just waiting to lose
But they can't lay a fucking finger
I'm the best and I prove it, yeah

Back the fuck off me (Back the fuck off me)
You don't wanna see this smoke
Let them down softly (Let them down softly)
You can never do what I do
Back the fuck off me (Back the fuck off me)
Now I feel so alone
Gotta put em' in a coffin (Put em' in a coffin)
Now I'm all on my own

Really give a fuck if they like what I do
I've been blowing up tracks made in my room
I'm gonna cash that check
Fuck that bitch
Blow my money cause I'm gonna die soon
I've been getting everything that I've ever really wanting
More the money come in
More the friends keep coming
But they don't really like it
The just like what I can offer
Gotta cut them all off
Now I'm stuck alone with my vinyl

I don't give a fuck if they like anything that I do
I got this pistol in my palm and I'm just waiting for you
I lost my head
I'm out my mind
Now I'm just waiting to lose
But they can't lay a fucking finger
I'm the best and I prove it, yeah

Back the fuck off me (Back the fuck off me)
You don't wanna see this smoke
Let them down softly (Let them down softly)
You can never do what I do
Back the fuck off me (Back the fuck off me)
Now I feel so alone
Gotta put em' in a coffin (Put em' in a coffin)
Now I'm all on my own
