

# Crash!

SpaceMan Zack

Blade

Nah, nah, nah, nah, nah  
Nah, nah, nah

Hide my face, wear my hood  
Get my money just like I should  
Blow it all, just 'cause I could  
Self-destruction just feels so good  
I'm a runaway, don't try to find me  
Every day I keep walking blindly  
All these chains, they've started to blind me  
Devil comes to me in my dreams

I seen this coming  
Kill myself with a cup of the muddy  
Need a break, I'm so fucking sick and tired of running  
Shawty tell me that she hate me, but I think that I love it  
Put the teeth into my neck until it's all looking bloody  
I've been looking for an answer but I'm killing myself  
Finish bottle after bottle, put that shit on the shelf  
Fucking models like I wanna think 'bout anything else  
Bake a count, blowing up  
But I on know 'bout my health

Everything I know  
It all comes crashing down  
Everyone I love  
Is dying all around  
(Blade)  
(Blade)  
(Blade)  
I think it's all my fault (just my fault)  
Don't tell me that I'm wrong (I'm wrong)  
I hope it's not my fault (just my fault)  
When you leave me all alone

Hide my face, wear my hood  
Get my money just like I should  
Blow it all, just 'cause I could  
Self-destruction just feels so good  
I'm a runaway, don't try to find me  
Every day I keep walking blindly  
All these chains, they've started to blind me  
Devil comes to me in my dreams
