

CRUCIFIED.

SpaceMan Zack

I seen Hell on earth, watch the time fly by
I'ma break these chains while I cut my eyes
They should clip my wings while I'm crucified
'Cause the devil's here but he's in disguise, oh no

What they gon' say? Who they gonna blame?
This is the shit you wanted
Dirt in my veins, blood in the stains
You wanted pain, you got it
Yeah, keep it a buck, I get to bleeding, I open the cuts
Yeah, this what I love
Got off the drugs
But I'm still the man that I am, that I was, and I'm still fuck
ing up
Look at me scream
Stuck in the hollow, I'm stuck in the trees and it's only for m
e
You couldn't see
The pain that I'm feeling gonna get me, I'll probably be gone i
n a week

I seen Hell on earth, watch the time fly by
I'ma break these chains while I cut my eyes
They should clip my wings while I'm crucified
Cause the devil's here, but he's in disguise, oh no

Couple of days in the wasteland turn to hundreds
In my head, can't escape, I been left for dead
I'ma break, I've been wicked since I was a youngin'
All alone, can't escape, now I made my bed
(I'ma break, I've been wicked since I was a youngin')
(All alone, can't escape, now I made my bed)

I seen Hell on earth, watch the time fly by
I'ma break these chains while I cut my eyes
They should clip my wings while I'm crucified
Cause the devil's here, but he's in disguise, oh no
