Death Note

SpaceMan Zack

Need somebody fill my cup up high 'cause I'm dyin' tonight
I think I'm sick in the head but I'm doin' alright
Need somebody hit the plug up to tryna get high
I think I'm fucked in the head but she love me right

I don't give a fuck, no they can talk they shit
Dropped your whole fucking rent just to dress myself
I been gettin' home sick but I got my bitch
Now it's loverboy shit till my body quit

I got big bank and a sold out show
I don't really give a fuck no more
Life a movie then the credits roll
Everything ends when you on this road

And now I'm breaking to pieces when I see everyone leavin'
It's just that time of the season when I fall
And now my body stop breathing they like to love then and leave
 me
My head is always mistreated, that's all I know

That's all I know

Need somebody fill my cup up high 'cause I'm dyin' tonight
I think I'm sick in the head but I'm doin' alright
Need somebody hit the plug up to tryna get high
I think I'm fucked in the head but she love me right

Need somebody fill my cup up high 'cause I'm dyin' tonight
I think I'm sick in the head but I'm doin' alright
Need somebody hit the plug up to tryna get high
I think I'm fucked in the head but she love me right
