# Empty

**SpaceMan Zack**

I'm empty
I feel empty
Got no heart inside my body
I just hurt everyone I touch
You'd be better off without me
I'm so stupid
I feel useless
I don't even know how the fuck I do this
Fall in love
Imma fuck it up
Save yourselves
Somebody shoot me
Yeah

But after all that I've been through
You say you love me now
And after everything I do
You say you'll stick around
I don't deserve a single thing you try to make me feel
You say you'll fix the problems but I'm too fucked up to heal

I'm empty
I feel empty
Got no heart inside my body
I just hurt everyone I touch
You'll be better off without me

Well I'm so stupid
I feel useless
I don't even know how the fuck I do this
Fall in love
Imma fuck it up
Save yourselves
Somebody shoot me
Yeah
Somebody shoot me
Somebody shoot me
Somebody
Somebody shoot me
