

# FREAK.

SpaceMan Zack

They will never understand you  
You belong in the Hollow

Baby, I'm a freak, I'm a scumbag  
I don't think they know that  
Whispers in the night travel fast  
I might freak, just a blood bag  
Put me in a toe tag underneath the dirt, let those bugs have a feast  
Just take all my flesh 'til there's nothing but bone  
And forget who I was after I decompose  
Leave that gold on my teeth and my body with holes  
I'm the villain tonight, that's how my story goes

I'm a freak, I'm a weirdo  
Build a wall with white bricks, couple kilos  
Make me numb, not the hero  
I been counting down my days, I don't know what I'ma do when I hit zero  
Built that money out of nothing, it's that lover boy shit  
Them diamonds whiter than my teeth, I copped to cover my wrists  
I'm sick of living in this hollow place I've been since a kid  
And when it's over, hope the closure comes and ends me quick

Baby, I'm a freak, I'm a scumbag  
I don't think they know that  
Whispers in the night travel fast  
I might freak, just a blood bag  
Put me in a toe tag underneath the dirt, let those bugs have a feast  
Just take all my flesh 'til there's nothing but bone  
And forget who I was after I decompose  
Leave that gold on my teeth and my body with holes  
I'm the villain tonight, that's how my story goes  
I'm a freak

Enter the mouth of the beast  
Not a thing ever leaves, not as calm as it seems  
It feels like I'm falling to pieces, I swear it unleashes the monster in me  
Where anything goes, nothing grows  
Wasteland, baby, I feel hollow to the bones  
Memories closed, I don't need those  
They stuck with me even though

Baby, I'm a freak, I'm a scumbag  
I don't think they know that  
Whispers in the night travel fast  
I might freak, just a blood bag  
Put me in a toe tag underneath the dirt, let those bugs have a feast  
Just take all my flesh 'til there's nothing but bone  
And forget who I was after I decompose  
Leave that gold on my teeth and my body with holes  
I'm the villain tonight, that's how my story goes  
I'm a freak
