

# I'm Wrong

SpaceMan Zack

Waves falling, watch 'em as they roll in  
Where you going? Don't leave me while I'm broken  
You'll take me where I wanna go and  
I'll tell you everything I know, yeah

I thought you would see  
Just what I'm trying to be  
I thought I would know  
Just what you needed from me  
You thought I'd show you  
The way to my heart  
I thought I could tell  
That you were wrong from the start

I know, I know, I know  
I'm wrong  
I know, I know, I know  
I'm wrong  
I know, I know, I know  
I'm wrong  
I know, I know, I know  
I'm wrong

I know, I know, I know I'm wrong  
I haven't felt right in, oh, so long  
The devil love me, I can't stay strong  
Might take my life when I sing this song  
Got racks on me now, but I know that it don't mean shit  
Baby I been struggling to breathe now, feeling like I might suffocate  
Everybody tell me that they love me now, but I don't love myself  
Really need you to comfort me now, but I don't want no help  
I know you see me crying out for love  
I hate myself but I love these drugs  
I want to die but they don't know  
This ain't no song but a suicide note

Waves falling, watch 'em as they roll in  
Where you going? Don't leave me while I'm broken  
You'll take me where I wanna go and  
I'll tell you everything I know, yeah

I know, I know, I know  
I'm wrong  
I know, I know, I know  
I'm wrong  
I know, I know, I know  
I'm wrong  
I know, I know, I know  
I'm wrong
