

Kill Me Now

SpaceMan Zack

I got this fellin' that is almost over
I got this fellin' that I'm dying slowly
I got this fellin' in my heart again
(Heart again)

I got this fellin' that I'm by my lonely
'Cause you ain't doing nothing for me
I got this fellin' in my heart again
(Heart again)

Kill me now and love me later
And I can't feel I'm gettin' faded
Kill me now and love me later
This drugs don't help I'm chasing paper

So baby tell me I'm the one for you?
Got what you need I'll call the plug for you
You don't know anything you put me thru
She want the drugs so she's coming too

And girl you know me when I'm in the light
But you don't know me when I cry at night
Now would you love me if I took my life
And would you cry as you watch me die

I got this fellin' that is almost over
I got this fellin' that I'm dying slowly
I got this fellin' in my heart again
(Heart again)

Kill me now and love me later
And I can't feel I'm gettin' faded
Kill me now and love me later
This drugs don't help I'm chasing paper
Kill me now and love me later
And I can't feel I'm gettin' faded
Kill me now and love me later
This drugs don't help I'm chasing paper
