

## MAKE IT LOOK PRETTY.

SpaceMan Zack

I'm a lost cause, but I make it look pretty  
See the rocks when a motherfucker grinning  
They don't, see it much I'm a ghost in my city

I'm a lost cause, but I make it look pretty  
See the rocks when a motherfucker grinning  
They don't, see it much I'm a ghost in my city  
Shawty take my life, then she taking hers with me  
I'm on a mission wanna count me up a milli  
Imma die real soon give it all to my son  
Used to drown up in the cup full of whitney  
I've been scared to relapse but that time might come  
They ain't never seen a mess like me, with the blood stained te  
e  
But I show 'em my teeth and they're gold  
Everybody wanna flex like me, try'na dress like me  
See you motherfuckers leaching the flow  
You can't take this crown  
I drive that whip like I can't steer  
You can't take me out  
I tried myself but I'm still here
