Please

SpaceMan Zack

Blade

Please don't run away from me
I can't live without you here
I know there's something wrong with me but
I don't know what the fuck is wrong with me so
Please don't run away from me
I need someone to make things clear
And I've been crying out for someone to comfort me
But I break anyone that's in love with me

I know I'm broken to the bone
I don't think I deserve anything
Another boy with nowhere to call my home
I don't fit in with anyone I meet
You see me through all of this smoke
Look me in the eyes tell me what you see
I'm so fucking tired of feeling alone
But I ruined everything that's close to me

Please don't run away from me
I can't live without you here
I know there's something wrong with me but
I don't know what the fuck is wrong with me so
Please don't run away from me
I need someone to make things clear
And I've been crying out for someone to comfort me
But I break anyone that's in love with me

Please don't run away from me
I can't live without you here
I know there's something wrong with me but
I don't know what the fuck is wrong with me so
Please don't run away from me
