SpaceMan Zack

Where'd you go? (Where'd you go?)  
This don't feel right  
I don't know  
I pop a pill like  
When I'm high  
You can't hurt me now (You can't hurt me now)

Now, what's wrong? (What's wrong?)  
I don't feel right  
Fucked up  
I pop a pill like  
When I'm high  
I can never be low (I can never be low)

Now I know that you know that I don't know  
Got all these feelings that I don't show  
Don't have to stay girl, no you can go

Where'd you go (where'd you go?)  
This don't feel right  
I don't know  
I pop a pill like  
When I'm high  
You can't hurt me now (You can't hurt me now)

Now, what's wrong? (What's wrong?)  
I don't feel right  
Fucked up  
I pop a pill like  
When I'm high  
I can never be low (I can never be low)

Yeah, fuck you and fuck this 'cause I'm so done  
I got money on my mind but my mind on my gun  
I'm bout to murder every thought that's inside my head  
I swear the pain don't end until I'm dead  
Yeah, fuck you and fuck this 'cause I'm so done

I'm bout to murder every thought that's inside my head
