

I don't want
I don't want
I don't want anything but you
Time goes on
I know what it is that I don't want
It's anything but you
Anything but you
And all I ever ask is you better see it through
Whatever we would do
Your all I ever had and you never even knew

It seems so simple
High
Above the temple we love
Your arms they reach out mine
While I sink deeper in mud
You're like the apple in sight
That kind that Eve couldn't run
I might stay in for the night
But I can't leave you for long

I don't want
I don't want
I don't want anything but you
Time goes on
I know what it is that I don't want
It's anything but you
Anything but you
And all I ever ask is you better see it through
Whatever we would do
Your all I ever had and you never even knew

You're all that I want and you're all that I need
The image of you is like a movie to me
Most people purchase a ticket go on they way
But you're something special I had to meet you some day
Wait
Wait
Wait
Got my heart breaking every time you're not around me
Wait
Wait
Wait
If this is what love is you got me falling for you

I don't want
I don't want
I don't want anything but you
Time goes on
I know what it is that I don't want
It's anything but you
Anything but you
And all I ever ask is you better see it through
Whatever we would do
Your all I ever had and you never even knew
