SpaceMan Zack

I could fuck your bitch if I wanted too
I've been doing shit you just wish you could
Shawty on my dick but its nothing new
I let her give me head while I wear my hood
She wanna do coke in my bathroom
She don't like me but she love my racks
Old friends looking at what Zack do
Watch me make a couple racks give my mom some cash
And I know I've been doing too much for ya'll
Shawty keep blowing but she take too long
And I know that your girl singing all my songs
You never wanted me now your on my balls
Can't hear my phone buzzing I won't take that call
And I don't like to talk keep my circle small
Your plotting on me I can hear that talk
You're tryna kill me then what you waiting for
