

# Scumbag

SpaceMan Zack

They pose as humans even though  
They have no understanding of the human heart  
They eat even though  
They've never experienced hunger  
They study even though  
They have no interest in academics  
They seek friendship even though  
They do not know how to love  
If I were to encounter such a monster  
I would likely be eaten alive  
And that is because  
I am that monster

On that loverboy shit till I drop dead  
Keep my eyelids low I'm a scumbag  
I could die right now, but it's fuck that  
I've been going to dumb, I ain't done yet  
I don't really give a fuck what they think bout me  
(I'ma do my shit get a whole bag)  
Ice melt in my cup full of Hennessy  
(Tryna keep away voices in my head)  
Gold teeth, Louis V hold up my jeans  
(Fuck school cause my teacher couldn't cop that)  
Lil shawty love me every time that I sing  
(I'm a pretty little demon now God damn)

I'm a pretty little demon with a Prada bag  
Tryna run up on me go and cock it back  
They've been tryna kill me I ain't drop yet  
They been lying through they teeth they ain't bout that  
Pussy wanna talk that shit, but they don't want no smoke  
Hanging out the whip baby I've been dying to roll  
Getting blown by your bitch while I sniff my coke  
She wanna suck my dick after I play my show  
I've been making all these hits got me out on the road  
Everybody know the name everywhere that I go  
Now they fucking with the kid I've been turning to stone  
I'm still feeling like shit think it's killing me slow

On that loverboy shit till I drop dead  
Keep my eyelids low I'm a scumbag  
I could die right now, but it's fuck that  
I've been going to dumb, I ain't done yet  
I don't really give a fuck what they think bout me  
(I'ma do my shit get a hoe back)  
Ice melt in my cup full of Hennessy  
(Tryna keep away voices in my head)  
Gold teeth, Louis V hold up my jeans  
(Fuck school cause my teacher couldn't cop that)  
Lil shawty love me every time that I sing  
(I'm a pretty little demon now God damn)
