

Yeah, yeah, what
You are now entering The Hollow Place

Hop out the function, they gon' wonder where he go
Caught that jetty out to California, link up with the bros
We don't shut down on the rows, whole world movin' slow
Sent a pack to my addy, now they don't know where it go
Down low, triple D, but I remember when it's cold
Shadow rock on my cousin, hold it down when I'm not home
Head hardy on the belt, just so they don't see my drawls
Got 'em screamin' in New York, but I'm on the other coast

(Woooo!)
(Yeah, yeah, yeah, yeah, yeah)
Devil in my head, get me rich, that I sold my soul
(Yeah, yeah, yeah, yeah, yeah)
Demons in my ear, they tryna fuck, gotta hold the phone
(Woooo!)
(Yeah, yeah, yeah, yeah, yeah)
They gon' do whatever that I want, tell 'em, "break the mode"
(Yeah, yeah, yeah, yeah, yeah)
Make it to the top, you lose your friends, shit's a lonely road

(Whee), whee, whee, whee, whee, whee, whee
I'm lookin' for Aubrey, you gon' tell me what the play today
Whee, whee, whee, whee, whee, (whee, whee)
I'ma keep on goin', 'till we black out, that's a day-to-day
We poisonin' the bracket, they can't hack it, they can't make a way
Lyin' 'bout yo' numbers, boy, you cappin', check the database (database)

I see you creepin' in the comments, made me vomit, made me fade away
A milli' on a track, I count the streams like it's a day to bait
(Yeah, yeah, yeah, yeah, yeah)
Tell 'em, "stay away", tell 'em, "stay away"
Only wit' the gang in The Hollow Place
(Yeah, yeah, yeah, yeah, yeah)
They gon' keep me safe, they gon' keep me straight
Ridin' with the gang through The Hollow Place

Tell 'em, "stay away", tell 'em, "stay away"
(Tell 'em, "stay away", tell 'em, "stay away")
Only wit' the gang, only wit' the gang
(Only wit' the gang, only wit' the gang)
They gon' keep me safe, they gon' keep me straight
(They gon' keep me safe, they gon' keep me straight)
Only wit' the gang, only wit' the gang
(Only wit' the gang, only wit' the gang)

(Woooo!)
