'Cause I know you and you know me
I've been lonely
I just hope that you're happy now
With your long hair and your perfume
That I can smell when you're not around
It's been so long since you've seen me
Would you remember me if I called
'Cause I broke you and it broke me
Because I know that I let you fall
I know you need me to fall by the side
But I can't stop trying I need you tonight
And I know I'm selfish but ever since I
Made you start crying a part of me died inside
It's dying inside of me
It's dying inside of me
It's dying inside of me
It's dying inside of me
