

Stumble And Fall

SpaceMan Zack

'Cause I get tired and the world seem bleak
I know I shouldn't
But I'm begging, got the blood on my knees
And I could find me a bottle to drink
I know I shouldn't
'Cause I'm leaving everything behind me

Don't let me go
I don't know how to find my own
I'm feeling cold
Not a soul that can find my heart
I don't want to go, not on my own
Can you keep your arms around me?
And I done lived once, died twice
When I lost my way
I stumbled and fall, no one to call
That's the price I pay
I needed it all, top of the wall
It's a long way down
But you found me (yeah, you found me)

I'm singing woah, woah
I need some help, I know you know
Woah, woah
I need some help, I know it shows
So here it goes

'Cause I get tired and the world seem bleak
I know I shouldn't
But I'm begging, got the blood on my knees
And I could find me a bottle to drink
I know I shouldn't
'Cause I'm leaving everything behind me

'Cause I get tired and the world seem bleak
I know I shouldn't
But I'm begging, got the blood on my knees
And I could find me a bottle to drink
I know I shouldn't
'Cause I'm leaving everything behind me

I'm singing woah, woah
I need some help, I know you know
Woah, woah
I need some help, I know it shows
So here it goes
