

Suffering

SpaceMan Zack

All these thoughts, they fill my head
Alone at last, killed all my friends
I swear my pain will never end
I find my comfort suffering

I don't want help, no, I refuse
There's nothing anyone can do
I gave my sanity to you
There's nothing else that I can lose

All these thoughts, they fill my head
Alone at last, killed all my friends
I swear my pain will never end
I find my comfort suffering
All these thoughts, they fill my head
Alone at last, killed all my friends
I swear my pain will never end
I find my comfort suffering

I don't want help, no, I refuse
There's nothing anyone can do
I gave my sanity to you
There's nothing else that I can lose
