

Tired

SpaceMan Zack

(Blade)

They don't love me anymore
She don't love me anymore

Well, she don't love me anymore (Anymore)
They don't love me anymore (Anymore)
And she gon' fuck me on the floor (On the floor)
She let me die there slowly and she walk out the door

I got the plug waiting for me baby, right outside
Everybody wanna hate me, I don't feel like trying
Take another line every time I feel like crying
I don't wanna feel a thing, baby I'm so tired

I'm so tired of this shit
Everybody on my dick
I'm so tired of this shit
Everybody make me sick
I got the money in the bank so it's fuck that bitch
Drop another couple thousand like it ain't no shit
Everybody wanna ride, now they fuck with the kid
Baby, I just wanna die
They wouldn't care if I did, no

Baby I just wanna die
They wouldn't care if I did, no
Baby, I just wanna die
They wouldn't care if I did
Baby, I just wanna die
They wouldn't care if I did, no no
Baby, I just wanna die
No
