

# One Bad Day

Spacey Jane

You called it a break  
I'll call it the mourning  
Everything we had  
Everything I'm losing  
Tell it all again  
Start at the beginning  
You say it's in my head  
It's real because I feel it

Ooh, ah  
This is the last time I feel like this  
Or at least I hope it is  
Ah, this is the last time I feel like this  
Or at least I hope it is

One bad day  
I lost my shit and called the week off  
Got your way  
You threw the baby out with the trough  
It's not that bad if you think about it  
You leaving now is a gun to my head

You called it a break  
Call me in the morning  
And it starts like this  
Yeah, we've both been here before

Ooh, ah  
This is the last time I feel like this  
Or at least I hope it is

One bad day  
I lost my shit and called the week off  
Got your way  
You threw the baby out with the trough  
It's not that bad if you think about it  
You leaving now is a gun to my head

Honey, won't you stay?  
The overpass  
Caught out in the rain  
And under glass  
Honey, won't you stay?  
It all will pass  
It all will pass  
It all will pass

One bad day  
I lost my shit and called the week off  
Got your way  
You threw the baby out with the trough  
It's not that bad if you think about it  
You leaving now is a gun to my head

Ooh, ah  
This is the last time I feel like this  
Or at least I hope it is

It's not that bad if you think about it  
This is the last time I feel like this  
Or at least I hope it is
