

Sitting Up

Spacey Jane

Sleeping sitting up
Shake another hand
You said it looks like I've been drinking
So why isn't that the plan?

How is it for an intro?
Have you done this before?
I said "I don't think so"
But I couldn't be sure

Don't it phase you how people change?
Are you okay with that?
Or how hearing someone's name
Can take you way back

I wake up assuming
It's probably the worst
What the hell have I been doing?
Jesus Christ, it hurts

Smoking in the restaurant
Falling down the stairs
Laughing for attention
Tellin' anyone who cares

Don't it phase you how people change?
Are you okay with that?
Or how hearing someone's name
Can take you way back

Well, I'm not like the rest of 'em
I'm scared of everyone
Some people make me anxious, man, and
You're just one of 'em

I'm messed up and my head
Is changing with the world
I'm not sleeping in my bed
I'm sure it doesn't matter
Drank too much once again
I'm sorry I'm not better
Can't remember what went down
It probably doesn't matter

(Phase you how people change
Are you okay with that?)
Or how hearing someone's name
Can take you way back

Well, I'm not like the rest of 'em
I'm scared of everyone
Some people make me anxious, man, and
You're just one of 'em

People change
