

Portions For Foxes

Spanish Love Songs

There's blood in my mouth
'Cause I've been biting my tongue all week
I keep on talkin' trash but I never say anything

And the talkin' leads to touchin'
And the touchin' leads to sex
And then there is no mystery left

And it's bad news
Baby, I'm bad news
I'm just bad news, bad news, bad news

I know I'm alone if I'm with or without you
But just being around you offers me another form of relief
When the loneliness leads to bad dreams
And the bad dreams lead me to callin' you
And I call you and say
"Come here!"

And it's bad news
Baby, I'm bad news
I'm just bad news, bad news, bad news
And it's bad news
Baby, it's bad news
It's just bad news, bad news, bad news

'Cause you're just damage control
For a walking corpse like me
Like you
'Cause we'll all be
Portions for foxes
Yeah, we'll all be
Portions for foxes

There's a pretty young thing in front of you
And she's real pretty and she's real into you
And then she's sleepin' inside of you

And the talkin' leads to touchin'
And the touchin' leads to sex
And then there is no mystery left

And it's bad news
I don't blame you
I do the same thing
I get lonely too

And you're bad news
My friends tell me to leave you
That you're bad news, bad news, bad news

You're bad news
Baby you're bad news
And you're bad news
Baby you're bad news
And you're bad news
I don't care, I like you

And you're bad news
I don't care, I like you
I like you
