Honey, honey see me  
Behind my Game Boy

It comes easy  
Let go your shoulders  
My popsicle it's so sweetsie  
Turn back that spark  
Don't hesitate  
And you believe me  
Ya bitch believe me

Now mingle shake from every angle  
Re group the hood  
Gonna start by the spangle  
Like Karma Sutra  
I hit from every angle  
Free to speak from this place  
Cos' your thought's so tangled  
What's that look on you face all miniscule  
Want me to stand still  
But your whole crew's tangled  
Cut them off shangle  
Dangle  
Fuck you  
Get me?

Dadadada

Come straight from the hood  
Gonna keep my music  
Colour/rock/rap/punk confusion  
It's too confusin'  
I do what I like  
So what I pop is called it's called Spank Rock  
Right from the middle  
That's right Spank Rock  
From the bottom to the middle to the middle to the top  
The hottest mother fucker in the whole damn block  
Do my thing and the girls watch

Honey, honey see me  
Behind my Game Boy  
I got game girl  
It comes easy

Let go your shoulders  
My popsicle it's so sweetsie  
Turn back that spark  
Don't hesitate  
And you believe me  
Ya bitch believe me

Bump

Hell you can date me, hate me, take me down to the bitch's show  
(Lets rock)  
And I'd even let you hold my hand so the whole damn world can know  
(If you can want my time we can unwind)  
The real old rock and roll  
Things get better yet  
And like it said let me know when you're ready to go  
I just be here with my feet up free  
Rollin' this meat up  
Me and my Marci ain't changin'  
We just stayin' the same age  
While you spritzin' and teasin'  
I'll just catch up on my reading  
Push up on work  
Button down shirt  
Bad ass mother fuckin' cool jerk

Honey, honey see me  
Behind my Game Boy  
I got game girl  
It comes easy  
Let go your shoulders  
My popsicle is so sweetsie  
Turn back that spark  
Don't hesitate  
And you believe me  
Ya bitch believe me

If you're ready to step  
Cos' I'm a throw down kinda bitch  
I don't play around  
See I cut the fuck up  
And I knock the fuck down  
Pussy pounders have got my back  
They all over the place  
You can't get it so you sweat it  
We keep that shit laced  
Two one five triple eight  
We never slip it on the beat  
Can't help it if we roll  
We get the players in heat

And if you get us at the right time  
You get it from behind  
In just Chanell pumps  
And throw my legs up  
And if you ready you can get it anytime you want  
I'm the midnight dropper  
I'm the body rockin' rocker  
Workin' tight all night  
Yo I'm never getting tired  
Just a dirty little grin  
When you digger dig it in  
How the bitches think of this  
When you stickin' it in  
Track your system  
When we sippin'  
Thinkin' when we dippin'
