

420 (Interlude)

Spark Master Tape

Oh my gosh, it's 4:20 already?!

We want you to rock to the beat
We want you to stamp your feet
We want you to rock to the beat
And move your dancing feet

Rock to the Rhythm with them
Rock to the Rhythm with them
Rock to the Rhythm and, Jump

Now right now, ladies at eighty mile an hour
And I wanna see all the massive
With them really running in here like they don't care
Can everybody in the world say
"Our Peace & Love world promo is here"
Original loony don't care

Rock with your rhythm
And you rock with your rhythm
And you rock with your rhythm and jump
Whether you be black or whether you be white
Everybody better have some fun
This is the time for the "we all unite"
Cause the fighting's not been done
And you rock with your rhythm
And you rock with your rhythm
Where you nothing done, So we tell them

We want you to rock to the beat
We want you to stamp your feet
We want you to rock to the beat
And move your dancing feet

We want you to rock to the beat
We want you to stamp your feet
We want you to rock to the beat
And move your dancing feet
