## Spark Master Tape

Uhhhhh

See this worldwide movement

Phoney niggas are outlined in Chalkk

Phoney niggas are outlined in Chalkk

We kkomin for the top now

Bird eyeing mofukkas

Y'all keep looking at us from the top down

Until we run up on the private jet the whole team trained

Moving SWAT style, everybody hostile

Hit up my Romanian connect and build a stockpile

Suppress the MP7, P90 and Glock now

So even less mofukkas gon' give a fuck when you shot down

Look, never run out them bullets

Heaven is part of your bullshit

Evidence is definitely evident stupid

Don't gotta look any further

The gang is suited and booted

Cause Tina Tuna has looted all of my putrid attempts

Sober feel like clean up at the end of events

And I'm a stupid mofukka in a literal sense

I'mma always make cash and I'm pushing a Benz

And it's paper to the grave if you owe some money friend
