

Charlie's Episode: Wanye Kest

Spark Master Tape

Be entirely tolerant or not all
Follow the evil path or the good one
To stand at the crossroads requires more strength
Than any man can possess
I said my name is Spark Master
I said my name is Spark Master

As I walk through the alleys of my city I see
I see a city bleed cocaine peddled by the P.D
I see the police do nothing
We hold a piece and we crush them
Sold 'em trees we fund them
Now twist some beats, we fund them

As I cup the stab wounds that's now killin' my brother
Blood on my iPhone 5 as I'm callin' my mother
She ain't pick up, because I treat her like my daddy do
So it's just me, my dying brother on a cold lonely avenue
Shoes stole, hat's gone, watch took, bag taken
Stomach open like a book that's flippin' to its last pages
He throwin' up, he pissed himself
He held my hand, said to pray, 'cause he goin' to hell
I know we're straight in my hood, man we're born to fail
I let him die, seek revenge, now we goin' to jail
The blood stains on my brother's olive camo
Paper Platoon goons get this paper, cop this ammo
We ride 'til the seat squeaks
We be them heat seeking dogs
Rather die before we fall
Rollin' beastly, with a M9 bumpin Eazy
On the M9, London sees me
4 IDs can't find me easy
If you do I got some candles lit
We on that hammer brother shit
And my hammer 'bout to hit
Have you doin' hammer dances and shit
While you get shot up by your bitch
Blood on her make up and shit
You get shot up like a bitch

Fuck it I stay conscious. Make a million dollars
Wallet thicker than my bible paper, feeling powerless
On my Sega Genesis
In my hood I hang like grapes and Mexicans
Our bridges fuck your digits
And your fam and all your next to kin go with it
I'm texting your girlfriend, and she go'n get it
If she told your boy she with it
She bananas 'bout to split it
I got gangs of goons
Girls coached with codeine spoons
Hoes and they know
It's cocaine 'til they overdose
Sippin' now they blow and they blow
They mouth is stuck in a pose
But these hoes fall over
Know I get a cut and I roll
