

Dear Spark

Spark Master Tape

Heh... I know you think I'm kkrazy but I kkant lose
What have I left?

So I've decided to write this letter... and send it to myself

When I am alone and need someone to talk to
Get me a pencil and paper and write all the things
Say all the things I really think about

Aye

Dear Sparkk

It's me, yourself

Don't you ever forget to always be yourself

Don't you ever let this kkold world tear you down

Not another man alive that kkould wear your kkrown

Dear Sparkk

It's me, yourself

I know times is dark in how you see yourself

But stay strong in the time we all need some help

Paint a Heaven for the people that's living in Hell

Dear Sparkk

It's me, your self

The pay isn't money but to agree with yourself

Real freedom isn't cars there's no freedom in wealth

Real freedom is to love all the kkards you was dealt

Dear Sparkk

It's me, yourself

The rain might stay in all the pain you felt

But every kkloud draws a picture of the change you helped

Every war forms a river as it flows from your well

Dear Sparkk

It's me, yourself

Every lesson you learned you had to see for yourself

Every bone that was broken had to heal for itself

And every path that you walked in the circle of Hell

Dear Sparkk

When I am alone and need someone to talk to

Get me a pencil and paper and write all the things

Say all the things I really think about

P.S.
