

INTRO

Spark Master Tape

This what you been waiting for?

This what you been waiting for?

Still we bakk
Until we fall
That's on the gang
Above em all

I said I'm young Spark Master
With the Paper Platoon
And the young Lnnch Bxx
And our boy trackstar
What you know about us?

Time to spread our wings and get back to business
Paper bout to stack, we grow infinite
Expand from blood and talent, we ain't finished

Lnnchbxx on the tape, ya boy bout to get it

Rappin with a lit blunt
Shit's about to get heavy

(Ya like it?)
