

ROWDII PIPER

Spark Master Tape

Uh, uh, ayo summer in new york bouta catch a hot body
Gone ride it raw gotta ride it ROWDII PIPER
Catch us the field with a spotter an a sniper, on the road with
the gold, burn the tire on the Viper
Buyin' drug papers, back to the business
Cut the plug, double up, half they percentage
Back makin' spinach in the back of the lab, drawin' lines like
the Greenwich timeline when we high
Sellin' bags ever since Pac been packed
Pull the trigger watch the impact throw your wig back
Take a slim pack, skimp pack, shit bag, been flagged
Your whole team they caught the six fast
Who took your life, took your life
Fuck 'em all, let em ring, you can catch a hollow at the mall
Let it sing, Mofukka we gone catch em all
Platoon and Goliath, we don't stop at all
