

# She Started Talkin'

## Spark Master Tape

(Glug glug glug glug glug glug glug glug glug glug glug glug glug glug)

She started talking and I told that bitch to  
She started yappin' and I told that bitch to  
Woke up in the morning and I told that bitch to  
She have a argument I told that bitch to just  
Argument is done like

I met this chubby bitch, her name was Sierra  
She was born in the Valley but she sucked dick in Venice  
Titties two melons and ass look like a Nokia  
Watching her play tennis have my dick stand like pannocchia  
And all she wanna do is suck dick, right  
She wake up in the morning like this  
And all she wanna do is go deep, word  
Until she throwing up 'n shit

I mean this girl loves balls in her mouth  
My girl loves balls in her mouth  
I mean this girl loves balls in her mouth  
My girl loves balls in her mouth

But now we slipping too much drugs got me tripping  
I had a hookah laced with Codeine and I mix that with a ripple  
See I was seeing double now I moved that up to triple  
Pop the blue and then a Xanny now I'm walking like a cripple  
And she still sayin'

She started yappin' and I told that bitch to  
Woke up in the morning and I told that bitch to  
She have a argument I told that bitch to just  
Argument is done like

I met a bitch real stupid at the end of the day  
She copped a new set of titties with her severance pay  
She lookin' ill tho, I say it's better this way  
Worst come to worst she work on veteran day, look  
Cold bitches never phone bitches  
Make-up looking like you never owe bitches  
I told bitches, I'm gold bitches

Get this bitch a hand towel and some fuckin' soap  
Pussy smellin' like it's growing mould  
Shit we need a listerine for pussy  
Should be there like I be smokin' pussy

Uh man, yo  
Spark

She started yappin' and I told that bitch to  
Woke up in the morning and I told that bitch to  
She have a argument I told that bitch to just  
Argument is done like

She started yappin' and I told that bitch to  
Woke up in the morning and I told that bitch to  
She have a argument I told that bitch to just

Argument is done like

You like it?
