Spark Master Tape

All you wealthy, ohh we know
We saw your selfie video
You see the only time I speak to my phone I'm makin' doe
Y'all just different man, a SPECIALtype of DIFFERENT I can't deal with
No one got permission, y'all ain't goin' like a field trip
On some real shit - the more feminine the more they feel it
I'ma change my name, Spark Master Gay the queerest
But my query is, I'm just bein' curious
Why is rapper beef short boiling like my Keurig is
Where I'm from a selfie is what you do, when you never had a friend, older b
rother or a crew, or lack of penis
Youtube views from magic genies
Fukk your view count y'all all smell like cheezitz (what kind soup you makin
g)
I can rent a car, now I'm a rapper
I could get a tattoo, boy now I'm a trapper
2Pac an' Big, tell Meek an' Drake
Its like goin' from a steak to a Philly steak
Uhh, Yung Thug an' Panda, tell Bone an' Twist
That's like goin' broke, pac'l turn me on this shit
These lyrics is limericks to these idiots hearin' shit
I could probably rap gibberish and go harder than Diddiy did
Then flip the water, like 50 quick
Sunkken city ain't blowin' licks so I'm back with no notices
No we know voters didn't vote for this
You copy-pastin' ass bastards, none rappin' ass rappers
Instagramers y'all actors, with a mask strange, pose for the camera
Fukk a, fukk a backpakk, pakk, pakk, pakk, stay strapped, with a fat r
ap on a real 8 track
I ain't know fashion, but a stay back waitin' for the payback, fukk a Maybac
h, where the fukk the safe at

I'm an overclocked, water-blocked, Titan Pascal
You a 480 you stock speed, you runnin' on air
I ain't shy of this flexin' but you do it too much
Y'all some Facebook gangsters, go catch a Pokémon bunch
I'm from a old school of hard knocks who run blocks with gun's cocked

Liquor shot, 6 single shots, is what drum got
Clip a cop, fuck a frisk in traffic or a drug stop
They gon' make me body just to make it to my drug spot
It's fascinating in fascination for fabricated false allegations to further
fallacies an' the fake shit
Fukk your games an' how you play em
I just got into the game an' boy I hate it
