

(Ready to put in work, uhh)

I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)

Blikky by the feet uh keep it hidden like a tan line
Small stones in my mouth like I tripped in dirt
I break bones in your mouth if your lip gets perked
I make clones at the house after flipping some work
I shake domes with the chrome til the throne is my own
Only bar I'd ever hit is Xanny and the only car I'd ever whip is Bentley
Every bottle that I'm given I must empty so don't tempt me
You can send me by a semi truck, heavy
Uhhin
In the jungle it's massive, it's never passive
I'm patchin panikks, they pakking like nomadikk, I'm dope at it
Have a horny dope addict throw her throat at it
Slow motion like boats crashing

SWOUP

I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by
Uhh
I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by
Uhh

I'm in public and I still have no identity
And I'm a good man but I got friends who have some tendencies
I spin the block like I've never had no enemies
Then roll up and show up with more arms than a centipede (swoup swoup)
Scene of the crime we fled it in time
Defeated by a op, never, leaving them blind
The fleeting feeling divine, I'm hitting ceilings, so? Fine
It's nothing better than proceeding through the bleeding and grind
I've been hunted and doxxed, run up and boxed
I've been stabbed at and shot and slapped by the cops
I been knocked out and caught and run down on the block
I been back with a Glock, let them know that it's hot
I been
SWOUP

Tell 'em Spark Master back
I'mma rock it 'til the amp and the mic get cracked
I said
SWOUP
Tell 'em Spark Master back
I'mma rock it 'til these masks, just, don't turn back
(I'm like SWOUP)

I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by
Uhh
I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)

I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep

Nah, I just schikken swoup barely now (SWOUP SWOUP)
And I ain't at my peak
Why
Still tripping on these landmines
You mufukkas is rap hazards and most of you lack talent
I'm dripping like gripping the cracked chalice that's unbalanced (swoup swoup)
I'm unchallenged, the challenges under average
And rappers like they ain't famished, no passion, I'm straight embarrassed
Fukk 'em all I got plans to make bands with a gang that a hang like koala be
ars mang
My own lane, my own thang, it's a game
But it's chess and we 'bout to chekkmate they whole brain
Bullets flying through the window in the indo smoke
Bullet time when I dive into your living room
Akkimbo nines as I slide matrix style
Breaking tile, pieces fly, taking lives, speechless crimes, like oop

(Goddamn. Ready to put in work)

I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)
I don't ever sleep, nah, I just go on stand by (SWOUP SWOUP)

Uhh
