

# TRU EVIL

## Spark Master Tape

Wow, that was very sexidelic everbody, y'all

It's 20mothafukkin23  
Still don't give a fukk about a bitch  
Or my enemies  
And I'm still off the Hennessy  
Better be leagues ahead of me  
Or a better MC  
In order for me to kkompete  
Charlie still hakks steal an NFT  
On a Harley with his bitch off to Tennessee  
MakKing money on the side like a drive-thru  
I'm seeing red likKe my team filled with Damu  
Let's ride, Best Buy  
Biggest screen I could fit into a Tesla  
Musikk money makkin' money  
Off the musikk like I wanted  
I still want it and I promise  
That this time I'm dropping kkokk in it  
New and again [?]  
I never speakk on the stand  
Only thing that needs to stand  
Is my speakkers to bang  
Still whippin that shakkin  
At the top of the whip  
Kkause every tape that we droppin  
At a pokket a hit  
I'm really kkonfident, it's why I'm talkking to Slikk  
Now it's my turn I played it for this bathroom and shit  
Rap game made of assholes gotta flush em, it stinks  
I drown it with some Russian proof vodka that hits  
I would never really change what the game does, you see  
Some change comes when the fame kcomes, indeed  
I seekk a reasoning of even being seen  
Kkause everybody done to people  
Likke we tired of human beings  
(Mo fukkas is stupid... Swoop! What kkind of soup you makking?)  
Y'all thought I was finished  
I'm back to get kkancelled  
Censorship never the answer  
Let the art be funny  
Even if you didn't laugh  
So my kkamp never gave a fukk about none of that  
Too kkareful, too soft  
Freedom of the arts  
With a place above God  
Still respekkt all my people  
We can't handikkap what we say, true evil (evil)
