

WAKKEBOI

Spark Master Tape

10:11 in the morning still a WAKKEBOI
Ain't sleeping on my streets I'm a WAKKEBOI
Ain't no lack of stay strapped I'm a WAKKEBOI
Make money on the 3-6-5 I'm a wait for it
Bake white I'm a cake boy
Take flight boost hard make 'em pay for it
Slap a key in the whip I got a place for it
The world gon' watch and the world gon' burn

Give me ten minutes in a cooper mini
I'mma flip that shit and I'mma get a Bentley
Give me five minutes with a credit card
I'mma hit up Charlie God makin' all the money got it
Just a minute with your bitch
She gon' move in with a milli and the kids
As you move back on the streets like a filthy little bitch
As she move back in your crib with that ugly ass kid
Look even God can't judge me on the graveyard bloody looking ugly
With my pain man the only gang will love me
A felon and a killer and a thief
Scotch covered wounds but they only flesh deep
Paranoid thinking everybody test me
Paranoid I could hit a fuckin' cop now
Paranoid too much drugs I should stop now
Always work my nights is long
Always smokin' weed packed bong
Always know your rights is gone when the height is on and the lights ain't on
Fuck a Hypebeast we gods
Fuck a nine piece we gone
Dry snitch all lying you ain't hard
Then the gang run up on the yard
I don't give a fuck about em'
And we never gave a fuck about em'
Every man gonna lie so I gotta doubt em'
Every woman gonna cheat so I gotta out em'
Fuck em all man
