Get on your knees

They ain't got nothin'  
Ima reflector, my headlight running  
Hit the eject on my seat then gun em  
Ima protect my own green with a Glock 22 automatic say fuck em  
They never gon stop me, 4 clones just chillin' in the posse  
Same mask when you do some research and police work  
Run your fuckin geeks about me, I been the shit  
Been a dogg bout to kill this chick  
Been a God of the wilderness  
My goons in the field 'bout to feel this bitch  
Bend it all back then we sinister  
Run it all back just to kill and get  
Money in the bag get them hands in there  
Beat with a bat like a seal that's found by a spirit ship  
Hanging on like them Demigods  
Stop in this room and I bet you is not  
Fuckk a fakke friend man a bitch better run  
Tell them they love that I showed isnt lost  
I ain't heard shit when I fell and I dropped  
Now that I'm up I'm the shit and they not  
Tell em to wait  
Tell em to stop
