

It's A Fact

Sparkle

Hmm, hmm, hmm, hmm
Hmm, hmm, hmm, hmm
Hmm, hmm, hmm, hmm
Hmm, hmm, hmm, hmm

Baby I've been thinking 'bout
All the wrong you've done
Making like everything is good
And I'm the only one
Did you think that I wouldn't see?
Guess you thought that I wouldn't know
Ol' girl knocked at my door
And this is what she told me

Yes it's a fact
I love him so
(I love him so)
But I ain't gonna put up with his shit
(No, no)
And don't you put up with his games no more
(That's what she told me) oh no
(That's what she told me)
Just had to let you know
She said I had a right to know
(She said I had a right to know)
Hmm

Funny how she knew about
When I was out of town (in LA)
Even knowing the date and time
That my plane was letting down (2 AM)
She talked about how she cooked and fed
She even knew the sheets on my bed (baby blue)
I had to stop, I had to cool it down
I had to cool it down
Okay now I appreciate
The fact she let me know
Though childish this all went down
I had to see her to the door
How could you go and wreck this home?
Catching hell when I'm gone
Grab your things and let the wind blow
Just let the wind blow

Yes it's a fact (oh)
I loved you so
(Loved you so)
But I ain't gon' put up with your shit
Ain't gon' put up with your games, no more
Oh no (oh no)
Already told you so

(Already told you so)
Get like the wind and blow

Yes it's a fact
I loved you so

(I really love you)
But I ain't gon' put up with your shit
(Ain't gonna put up with your games)
Ain't gon' put up with your games, no more
Oh no (oh no), already told you so
(Already told you so)
Get like the wind and blow

After all that I've done
Never thought you'd bet the one
After all that I've been through
My biggest hurt had to come from you
Never thought you'd let me down
Never thought that you would clown
Never thought I'd sing this song
Don't know where it all went wrong

Yes it's a fact
(It's a fact)
I loved you so
(I really love you)
But I ain't gon' put up with your shit
(No, no, no, no, no)
Ain't gon' put up with your games, no more (no more)
Oh no (oh no), already told you so
(I already told you so)
Get like the wind and blow

Yes it's a fact
I loved you so
(Can't believe I wasted all this time)
But I ain't gon' put up with your shit
(Tired of all your games boy)
Ain't gon' put up with your games, no more
Oh no (oh no), already told you so
(Can't take it no more)
Get like the wind and blow
