Lean On Me

Sparkle

Although we've been through our ups and downs
If we believe and have faith
We can conquer anything
Baby, I know we could work this out

Lean on me and I'll lean on you
It is the only way for us to make it through
Lean on me and I'll lean on you
It is the only way for us to make it through

I know we've been through some hard times, boy
And it didn't seem like we were gonna make it
So many things has changed between us two
Though we fuss and fight with one another
We're so afraid to lose each other

Lean on me and I'll lean on you
It is the only way for us to make it through
Lean on me and I'll lean on you
It is the only way for us to make it through

I know that we can conquer anything
If we put our hearts together, we can make it
Don't let our friends come between this ring
And don't let what we have worked so hard for be in vain

Lean on me and I'll lean on you
It is the only way for us to make it through
Lean on me and I'll lean on you
It is the only way for us to make it through

All of those years, all the years we made
Say they count for something, babe
How we used to trust when it came to one of us
Neither wants to leave, now there's such a mystery
So whenever you need, you can lean on me

Lean on me and I'll lean on you
It is the only way for us to make it through
Lean on me and I'll lean on you
It is the only way for us to make it through
