How this ain't fuckin' with your conscience
Know it ain't right you choose to think of it as left
I guess I gotta press the issue by myself
Cause all these suckers wanna focus on is wealth
They're fuckin' cowards cause they focus on themselves

Don't need your excuses
Save your lies
I'm standing right in front of your face
You turning a blind eye
Your silence speaks volumes
You want some sympathy your in the wrong room
Your innocence is shattered
Just as guilty as the others
