Have I been treating you right pretty baby? I'd be better if I wasn't so stoned

But now you're leaving me all on my own I swear I'll be a bette r man

If you keep drinking that wine little darling you'll be drunk before you know

When that other boy won't show any signs of a gentleman

Be afraid
Darling I'm a hurricane
If you shipwreck your love
I will be all the blame

I dreamt last night I broke in your apartment and I tried on al 1 of your clothes

But I just can't get your shoes on my toes (can't get your shoes on my toes)

So I'm dancing to your stereo

Well if that boy don't dance with you darling there will be no romance ever starting

You'll be sitting all alone wishing I was all over you

Be afraid

Darling I'm a hurricane
If you shipwreck your love
I will be all the blame
Say my name
No just light it up in flames

If you're not in love then I don't want to play your games

No I don't want to play

Come on come on what are you messing with (Come on) Come on come on what are you messing with (Come on) Come on come on

Be afraid

Darling I'm a hurricane

If you shipwreck your love
I will be all the blame Say my name
No just light it up in flames
If you're not in love then I don't want to play your games

No I don't want to play your games
