

## Drowned In A Sea Of Tears

Sparks

I didn't know how deep it all must have been  
Her greatest talent, she could keep it all in  
Whatever bothered her, I had no idea  
Or how big of a deal, or her lengths to conceal just how bad

We'd go to parties and we'd laugh with our friends  
We'd have some drinks and that would help her pretend  
It all was going great, no problem at all  
She's the belle of the ball and she does have it all, have it all

Drowned in a sea of tears  
Almost saved her, I was so very near  
Drowned in a sea of tears  
Though I tried, I couldn't ease all her fears

But then she seemed a little down, little out  
I asked her what was wrong, it always works out  
That's what she told me, but it didn't work out  
Wish I had helped her out, but I didn't know how, even now

Drowned in a sea of tears  
Almost saved her, I was so very near  
Drowned in a sea of tears  
Though I tried, I couldn't ease all her fears  
Drowned in a sea of tears  
Drowned in a sea of tears

We were ecstatic even though it would rain  
We were so frantic as we biked around Spain  
Were we romantic or just out for good times?  
Two of a kind  
Now I can see I was blind

Drowned in a sea of tears  
Almost saved her, I was so very near  
Drowned in a sea of tears  
Though I tried, I couldn't ease all her fears  
Drowned in a sea of tears  
Drowned in a sea of tears
