She's going up
As I'm going down
I'm going up
As she's going down

She's leaving work
As I go to work

I'm leaving work

Beautiful
So beautiful
One fleeting glance
There's no chance

She's going up
As I'm going down
I'm going up
As she's going down

One fleeting glance
There ain't no chance
To ask her to dance
Just one fleeting glance

One fleeting glance
There ain't no chance
To ask her to dance
One fleeting glance
