

Let's Waltz In The Storm!

Sparks

Ann!

Are you drunk, Henry?

I'm not that drunk. Let's waltz

But I'll kill my voice out here. Henry! A storm is rolling in!

I'm well aware of that, my dear. Let's waltz in the storm!

A storm is rolling in!

A storm is rolling in!

A storm is rolling in!

A storm is rolling in!

Henry you're drunk! Henry you're drunk!

I'm not that drunk! I'm not that drunk!

Hey where's Annette? Where did she go?

Annette's asleep. She's safe below

Henry you're not the man I know

I'm not that drunk! I'm not that drunk!

Henry, you're not the man I know. We'll catch our death in this rain. Henry,
stop fooling around. We could slip. We could drown!

Henry don't fool around

There's storm, settle down

Careful, hey! What if we fell!

No one could survive these swells

You're quite drunk, let's calm down

When we're safe, you can be a clown

What has gotten into you?

What has gotten into you?

With this storm and this sea

I feel scared, look at me

Comfort me, hold me tight

Oh, what a terrible, terrible night

My voice, Henry. Is nothing sacred to you?

Oh, god knows everything is to you! Always trumpet values! The sacred values
! And then dying! Dying! Dying! And then bowing, bowing bowing!

Henry stop it, stop it now

We're gonna fall, gonna die

What has gotten into you

Think of Annette!

There's so little I can do

There's so little I can do

There's so little I can do

There's so little I can do

There's so little I can do

There's so little I can do
